

Hey!

It's Sandi- and I promise I won't take too much of your time. I realize you're a busy business owner so this won't take long.

Have you ever taken a prescription when you were really sick and in under 5 minutes it actually began to work?

Can you imagine what the world would be like? We go to "Drive-Thru" Doctors and get a RX and off we go- cured by the time we get to the office...

While this is not likely to ever occur I do have a 5-minute prescription I'd like to give you for your website. In case you haven't seen my most ridiculous offer yet- I thought I'd send this out to my list first....

If you give me just 5 minutes - I'll give you a RX for your website that can increase your profits, guaranteed. Wow that might seem a little cocky but when you've been working online for the last 14 years earning an enormous income as I have- you have seen the good, the bad and the ugly. You've also seen alot of shiesters who feed baloney by the pound and have nothing to offer.

Here's the deal- email me your website & what you'd want to accomplish with this website. In under 24 hours I'll send you a custom created 5-minute audio on what you can do instantly and long term to create bigger profits. A "Prescription" for your website.

What do you have to lose? Just hit reply to this email and I'll send you your audio at no cost, no obligation.

I warn you however... what I send you might cause lost sleep, racing heart beat, rapid accelerated thoughts and it could actually

bring in some cash if you were to act on it.

Or... if you want to, go to my website and see the offer for yourself
